

# Helping employees and dependents lead healthier lives

## Managing your healthcare needs

Gateway and Ascension are committed to helping you lead a healthier life because it's beneficial to your personal and work life. The staff at the Employee Health Centers will develop a customized wellness plan to help you identify health risk factors, provide education about positive health changes and offer confidential, convenient health services.

There is no copay to visit the clinic and no bills will be submitted for services offered in the clinic. All lab work done in the clinic is free of charge.

## Onsite services

- Diagnose and treat acute healthcare needs including, but not limited to sore throat, earache, vaginal and urinary problems, etc., while collaborating with the patient's primary care physician
- Manage chronic illness including, but not limited to diabetes, arthritis, high blood pressure, etc.
- Write prescriptions
- Make referrals to the patient's network provider for medical appointments
- Administer immunizations
- Conduct adult physicals (every other physical required with primary care physician)
- Conduct pediatric physicals (every other physical required with pediatrician)
- Work with the patient to develop an individualized wellness plan based on the patient's own risk factors

Services are available for anyone covered under the GTC insurance.
